

VISITORS IN MANY HOSPITABLE HOMES

During C. W. B. M. And Sunday-School Convention Here—Officers Chosen, Session Ends

The Tenth District C. W. B. M. and Christian Sunday-School Association closed its two days' convention here on Friday night, with services at the Christian church. Several splendid addresses were made during the convention and every delegate present felt it was good to have been present and to have heard the inspiring report of the work in the four counties which this convention covers.

Practically all of the old officers, who have done such splendid work, were re-elected for another year, as follows:

Miss Sallie Elkin, of Lancaster, succeeds Mrs. George D. Robinson, of the same place, as district manager for the C. W. B. M.; President W. I. Williams, of Lancaster, of the Bible School Association, was re-elected, and Miss Elizabeth Simpson, of Marksburg, again chosen as secretary and statistician.

Stanford was crowded with visitors during the convention and its hospitable homes opened for their reception and entertainment. Among the guests here and their hostesses were the following:

With Mrs. J. C. Eubanks—Mrs. Emma Higginbotham, Misses Betsy West and Nell Johnson, of Lancaster; Mrs. Hammond, of Hustonville; H. W. Elliott, of Sulphur, with Mrs. A. S. Price—Mrs. A. P. Killings In Lee County.

Two men are dead, two are mortally wounded and two seriously hurt as the result of a fight at the country resort of Dudley Lutes, son of former County Clerk W. C. Lutes, near Heidelberg, in Lee county. The dead are: C. Jones and Jeff Wilson. Clay Hall and Elmer Mattox will die. Robert Farmer was shot in the leg and John Swann, telegraph operator at Heidelberg, was shot in the foot. All were in the place drinking.

TELEPHONE WIRES CUT FROM POLES.

Independent Service Between Hedgeville and Hubble Destroyed by Unknown Vandals.

The independent telephone line between Hubble and Hedgeville, lying partly in Lincoln and partly in Boyle counties was cut down from every pole by unknown parties Wednesday night, depriving all the subscribers in that part of the two counties of telephone service.

A. H. Bastin, of Lancaster, manager of the company which owns the line, says the work was done by an expert with wire cutters and that it will take from two to four weeks to repair the damage. He has offered a reward of \$250 for the arrest and conviction of the guilty parties. He knows of no reason for the deed.

No night riders have ever been on raids in that part of the country, and no reason can be assigned for the vandalism.

J. M. Alverson

Accepts Nice Position With Frankfort Printing Company.

Jesse M. Alverson, of this city, who for 16 years was connected with the INTERIOR JOURNAL office, has accepted a position in the composing room of the Frankfort Printing Company at Frankfort, and will take up his new work as soon as his duties as assistant clerk of the Senate are concluded on May 1st. Mr. Alverson understands the printing business from top to bottom and will prove a very valuable man for the big concern with which he will in the future be connected.

During his almost a score of years' residence in Lincoln county he has taken an active part in democratic politics and was twice elected to represent the county in the Legislature. He has served two terms as assistant clerk of the Senate and stands right in line for further political advancement. His friends here will regret that he is to leave Stanford, but will wish him success in his new field.

Hogs Get Drunk

When Booze From Burning Distillery Flowed Into Creek.

A distillery owned by G. P. Adderholt and located near Bronston, Pulaski county, was burned and 18 gallons of whisky and 180 gallons of beer went up in flames. When discovered about 5 o'clock the fire had made such headway that nothing could be saved. The loss to the building and machinery is about \$5,000, with no insurance. The origin of the fire is unknown. Mr. Adderholt will not likely rebuild before next fall. Much of the whisky from the burning and broken barrels flowed down the small stream that runs past the distillery site. About 25 hogs were in the field by the stream and they drank the whisky and soon there could be seen the spectacular sight of drunken hogs going through all the antics of drunken men.

Highland.

There is a good deal of sickness in this community. J. M. Bastin, who has been very sick with inflammatory rheumatism, is somewhat improved. Jeff Hale and M. G. Young are both very sick. Rev. J. M. Cook, who was confined to his bed for three weeks, is able to be out some. Mrs. D. W. Jenkins is also ill.

George Coffey has moved his saw mill from South Fork to R. L. Hubble's farm near Lancaster. Bulan Carrier has put up his saw mill on the farm of Jim Bunch near this place.

The meeting at the Methodist church by Rev. Morris, of Bethel Ridge, and the pastor, Rev. Haggard, closed a few days since with about 25 additions to the church and several conversions.

John Lutes and family, of Hustonville, have moved into our midst and will run the store recently owned by J. S. Young. In addition to this Mr. Lutes is putting up some stock scales and will buy and sell stock.

J. H. Butt has his new store house about completed, which is quite an improvement over the old one.

Misses Fannie and Effie Young, after spending a few days at home here, have returned to school at Richmond. Mrs. Mike Floyd has gone to visit her daughter, Mrs. James, in Owen county.

ACTOR TAKEN ILL WHILE PLAYING HERE

Member Of "Wyoming Girl" Company Stricken With Fever—Claims To Be a Mason.

C. A. Annis, a member of the "Girl From Wyoming" Company, which played here Monday night, was taken ill in his room at the Coffey House, and unable to leave with the troupe next day. Physicians pronounced his trouble fever, bordering on typhoid, and applied to the Masons here for assistance. Annis claimed to have been a member of the lodge at Osage, Iowa, his home, but a telegram from the officers of that lodge said he had never belonged there. The local lodge officers gave him a thorough examination into the secrets of Masonry, which he answered in every particular. He also said he was a K. P., and he was examined in this, also.

The Osage Masons said in their telegram that Mrs. Dr. Annis had a son some where in the South and to examine the man here for tattoo marks, which it was found he had. He was under the effects of medicine, and it was thought that he may have become confused as to the lodge in which his membership lies.

Hustonville.

Mrs. Ann Bosley has been visiting her children in Danville.

Mrs. J. G. Shirrell, of Dunnville, a sister of Mrs. Bettie Williams, died there on the 6th and was buried on the 6th. They were daughters of the widely known blind physician, who for many years practiced his profession in that locality.

Thomas Marples refused an offer of \$500 for a model yearling by Almont Dare.

F. G. Carson has resigned his position as census enumerator in precinct 2 and has opened a pool and lunch-room in the Newton building.

S. T. Powell is the happy owner of an Almont Dare yearling that is a model. He expects to return from the bluegrass circuit with a blue ribbon for every entry.

Milton McCormack, our south-paw twirler, who is with the Paris team in the Blue Grass League, is showing such a variety of curves, drops and dazzling shoots that all the opposing batters are failing to connect with his delivery so far.

Mrs. D. S. Carpenter has arrived home from a delightful visit to her relatives, Mr. and Mrs. Thos. Weatherford, near Bradfordsville.

Rev. W. S. Willis returned from Shelbyville, where he had relatives seriously injured in an automobile wreck last week.

Dr. Childers, of Livingston, has rented the new cottage, just completed, of Miss Ellen Powers, and will begin the practice of his profession.

Mr. and Mrs. George McKinney will leave in a few days for an extended visit to relatives in Oklahoma. They carry the best wishes of our citizens with them, for Kentucky has no better people than they.

A good crowd attended the annual horse show here Saturday and several equine specimens, second to none in Kentucky, were greatly admired.

Miss Rose Yowell and Mrs. Lena Yowell Averitt, of Bradfordsville, are visiting their parents, Mr. and Mrs. Florence Yowell.

Will M. Dodd, on his way home Saturday eve, was thrown from his buggy on West Main street and seriously injured. Dr. Alcorn dressed his wounds and he was taken home, where he is suffering much pain. His numerous friends hope for his early and full recovery.

The big demand by railroads of late for the best quality of gray limestone rock has developed the fact that we have the best and in large quantities and in very desirable locations for quarrying and loading. The Southern will use it all.

Early gardens and the flattering prospects for an abundant fruit crop followed the route of "Ward's ducks" Tuesday to a more congenial climate, where snow and ice prevail all the time in the springtime.

A tract of 200 acres of good timbered land on upper Green river, lying on country road; some fine tobacco land at a big bargain, if sold at once. Price, \$1,650. Also a 215-acre farm, with splendid improvements, in fine community, close to school and churches, in Green river valley. Can be bought so as to make 33 to 50 per cent. on the investment. See quick. W. R. Williams & Co.

Luther Reeves, a Bourbon county farmer, died as the result of being hit on the head with a stone by his son, Tom Reeves, following a quarrel over a tobacco crop. The young man is frantic over the deed.

SENSATIONAL KILLING IN BEREA

Bank President And Druggist Samuel Welch Shot By His Son-in-Law, G. C. Fish.

A dispatch from Berea, Madison county, says that Samuel Welch, president of the Berea National Bank and one of the wealthiest and most prominent residents of that place, was shot and instantly killed in his drug store there Tuesday night at 7 o'clock by his son-in-law, Grover C. Fish, who surrendered to Deputy Sheriff Johnson and was taken to the county jail at Richmond.

Welch and Fish walked down the street together and on their reaching the drug store, Welch entered the building, going to the cigar stand, where he took a cigar and was in the act of lighting it when five shots were fired by Fish from the front of the store.

Welch, who was 55 years old, was born in Jackson, Ky., but went to Berea. He accumulated a considerable fortune, becoming president of a bank and at the time of his death was the owner of several stores in Berea.

He is survived by his wife, one son and two daughters. His only son, John Fish, is now attending Yale University. His daughter, Miss Dooley, married Grover Cleveland Fish, while his youngest daughter, Miss Hilda, lives at home.

Fish claims that he acted in self-defense. He says he went into the drug store to buy some chewing gum and Welch, who came in afterward, made a motion as if to draw his pistol. Bitter feeling has existed between Fish and Welch for many months, and Welch had refused a few days ago to allow Fish to see his wife, who is Welch's daughter, using abusive and threatening language, so Fish says.

President Tigert

Will Deliver Commencement Address To High School Graduates.

Prof. John J. Tigert, of the Kentucky Wesleyan College at Winchester, has accepted an invitation extended him by Prof. J. W. Ireland, to deliver the commencement address to the Stanford High School graduating class on the evening of May 25th. President Tigert is one of the most finished educators in the State, being a graduate of Vanderbilt, and a Cecil Rhodes scholarship graduate of Oxford College, England.

Grave Diggers Struck Gold

And Got So Excited Funeral Was Delayed Some Time.

While digging a grave for the interment of the body of Marion Robinson, Center, Barren county, several residents of the locality found a number of pieces of gold-bearing ore which are of sufficient size and quality to indicate that they are parts of a rich deposit. Those who made the find became so excited over the discovery that they abandoned their work and when the hearse and funeral procession arrived the grave was unfinished and other parties had to complete the job. It is said that a royal row is now on over the ownership of the land where the specimens of gold were found and that a lawsuit may result.

Seven Thousand Verdict At Mt. Vernon.

The administrator of Walter Hunt secured a verdict of \$7,000 against the Louisville & Nashville railroad in the circuit court at Mt. Vernon this week. Hunt was flagging for a freight train and it was claimed that he was struck by a train and killed while sitting on the end of the ties near Gum Sulphur, in Rockcastle.

Rev. Dickey to Speak.

At the meeting of the Danville Sunday School and District Conference in Richmond on April 26, Rev. J. J. Dickey, of this city, will speak on "Literature of Today as Help or Hindrance."

Reaching The Top.

In any calling of life demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman, Me., "three bottles of Electric Bitters made me feel like a new man." 50c at Penney's Drug Store.

CAUGHT SCARLET FEVER FROM PAGES OF BOOK

Little Bessie McAlister Very Low Of Complication of Scarlet And Typhoid Fevers.

Little Bessie McAlister, the 10-year-old daughter of Mr. and Mrs. J. H. McAlister, is very ill at the home of her aunt, Mrs. Bohon, at Lebanon, and but little hope is entertained for her recovery, as she is suffering from complications of scarlet and typhoid fever. The heavy hand of affliction has truly been laid on this family, as Mrs. McAlister is but just recovering from a severe attack of typhoid, and before she left here to be with her aunt, the little girl had gone through a siege of diphtheria.

A short time before she went there, some of the children in the household had scarlet, but had recovered. Every room they had occupied had been thoroughly fumigated, but one loophole, which no one suspected, had been left. One of the children's books with which the little ones amused themselves while ill, had not been fumigated, and soon after she arrived, little Bessie McAlister picked up the book and examined it with childish interest. Soon afterward she was taken ill with scarlet fever, proving that the innocent book had proven a source of contagion. From scarlet she developed typhoid and is so low that her mother, just recovered from typhoid herself, went to the bedside of her baby.

Mr. McAlister came up from his plantation at Way, Mississippi, when Mrs. McAlister became ill, while on a visit to their old home here, and has been here since.

News was received from Lebanon on Thursday morning that the little girl was holding her own, and had been able to take a little nourishment.

Gone To The Dogs

Wild Dogs Will Be Carrying off Babies In Danville Next.

Looks like the bow wows have taken Danville. Listen to this dispatch from there to a city paper:

The wild dogs which have been doing so much damage in Boyle county during the past few weeks, made a raid in the heart of Danville last night and, entering the stock pens of Thurman & Coleman, containing 80 sheep, killed 30 old sheep and eight lambs. The dogs succeeded in scaling a picket fence seven feet high, with barbed wire around the top. They killed the sheep by breaking their necks and got away before anybody could give chase.

The dogs which come from the knobs, have been attacking stock in this vicinity for the past few nights, killing sheep, horses and cattle, and on one or two occasions even went after people. So savage are they that they have become like a pack of wolves, and the people of the neighborhood are seeking to kill them, but so far only two or three of them have been shot.

It is supposed that the dogs have been run away from the homes of the poor families who do not want to pay the dog tax and have taken to the woods in search of food, becoming wild and vicious.

Methodist Services.

The Methodist congregation will worship with the Presbyterians Sunday night, therefore there will be no services at the Methodist church.

Rev. J. J. Dickey will preach at Logans Creek church next Sunday afternoon at 3:45 o'clock.

The Danville District Conference of the M. E. church South, will convene in Richmond April 26 at 9 A. M., and remain in session two days. The first day will be given to Sunday School work.

A Record Sunday-School Attendance.

What is said to have been the largest Sunday-school attendance in the history of Stanford was present Sunday morning at the Christian church. There were exactly 244 scholars present when Superintendent C. E. Tate had the roll called for the day's lesson.

Like Elixir Springs.

Col. A. T. Wingate has returned from a stay at Sims' Elixir Springs in Casey county and states that he is delighted with the water and that he was greatly improved. There have been some remarkable cures of rheumatism at the Elixir Springs, which appear to be even greater in curative powers than the world famed Martinsville. Many Danville people anticipate spending some time at Elixir Springs the coming season.—Danville Advocate.

BOBBITT PAYS TRIBUTE TO CAPT. ED. WALKER.

Fox Hunters Inconsolable Over Loss Of Their Leader, Says "Cicero of Mountains."

CRAB ORCHARD, KY.

The news of the death of Edward Walker caused a wave of the profoundest sorrow to roll across the bosom of every true friend of that good and generous man, and especially are the gallant men, the fox hunters who have listened to the music of his Bellonian hounds, inconsolable in their grief for the loss of the gallant spirit, who will hunt with them no more. Those brave knights of the chase, the J. S. Chadwicks, the generous Holmes, the Edwards boys, the Brooks, the Robert Stapletons, Finley Ballard, S. M. Chandler, J. T. Hackley, Jr., and a host of others; and the colored knight of the chase, Jim Jones, who asked me at court today that his name might also be mentioned in my tribute to the memory of one who was at the head of the Fox Hunters' Association and whose world-wide fame had leaped across the ocean and was spoken with admiration by the crowned-heads of the old world.

His hounds were also of noble blood, being imported from the royal kennels of England at \$500 per head.

What a noble man he was! One of nature's own true noblemen. So noble, so gallant, so generous, so true! And yet as devoted as this generous man was to the chase, he leaves quite an estate to his devoted wife and affectionate children, who will perhaps never look upon his life again. The late Col. T. P. Hill was a devotee to the chase as well as to Sir William Blackstone. You can judge the heart of a man by the dogs of his yard. A fierce bull dog means keep out of my yard. If you are saluted on your entrance by the music of the pack, go in at once; the occupant may not always have much, but you and your horse are welcome as long as it lasts. A few days before the great and good man left the scenes of earth, through whose grand forests and rugged dells he had so often followed the hounds, he had his chair moved out on the veranda and releasing a captured fox in the presence of the eager dogs, away they flew, and the distant, dying echoes of the pack mingled with the echoes of his dying breath!

And I want to say right here that no musical instrument that has ever been invented, no piano, no violin, no organ, with its deep and solemn tones, no dulcimer, no banjo, no callopie, no aeolian harp, no French harp, no jews-harp, can equal the music of a pack of hounds in full cry, with a breast-high scent, waking up the wild, sleeping echoes of the lonely dells.

A noble hound once saved the life of my cousin by marriage, Levi Hubble, who was fast in a fox den, and the dog went to his home and communicated the fact to his family.

"Fast on the hounds the hunter came, To cheer them on the vanished game, But stumbling in the rugged dell, The gallant hound exhausted fell. The impatient rider strove in vain, To rouse him with the spur and rein. For the good steed, his labors o'er, Stretched his stiff limbs to rise no more. Then struck with pity and remorse, He sorrowed o'er the expiring horse; 'I little thought when first thy rein I slacked upon the banks of Seine, That Highland eagle o'er should feed Upon thy fleet limbs, my matchless steed;

Woe wath the chase, woe wath the day That cost thy life, my gallant gray!"

But I and my gallant companions of the chase must now bid a sad adieu to our departed friend.

This is written for the INTERIOR JOURNAL and the Central Record, FONTAINE FOX BOBBITT.

Can Sell Native Wine.

Under a decision of the Arkansas Supreme Court the local option law does not prohibit the sale of native wine in quantities less than five gallons in original packages anywhere in the State. This wine is to be sold without license and by the producer only.

Eubank Wants to Run.

Prof. Rice S. Eubank, of Lexington, formerly of Stanford, has announced his candidacy for State Superintendent of Public Instruction. He is a native of Clark county and his life has been devoted to school work. Prof. Eubank is at present conducting the Southern School Journal, which he has made one of the most powerful educational journals in the country.

CARROLL PRESTON.

Sired by Preston 922, by Washington 54, b/ Cromwell 73, by Washington Denmark 64.

1st dam Baby Pence, sired by Enoch Arden, 2nd dam Lady Pence by Almont Forest 2863, 3rd dam by Garrard Chief.

He is a beautiful bay 15 1/2 hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunnally, Stanford Ky., at the reasonable figure of \$25 to insure a living colt. Mares kept at \$2.50 per month, and not responsible for accident or escape. Season due when mares are paired with or bred to other stock.

W. O. Walker, Stanford, Kentucky.

Black Joe.

This handsome young stallion the property of J. D. Eads & Son will make the season of 1910 at my barn in Crab Orchard, Ky., at the very reasonable price of \$15 to insure a living colt.

Black Joe by the noted sire Preston 922, 1st dam Lucile 2nd dam Bettie Robinson by Robinson's Vermont Hambletonian. He is a black horse 15 1/2 hands high, weighing 1025 pounds, 5 gaits and very fast both in his rack and trot, with plenty of style and action. Just the kind of horse for the farmer to breed to get the best all round horse. See this horse before you book your mares and I know you will go no further. Will keep mares on grass at \$2.50 per month, but will not be responsible for accident or escape of stock. Lein retained on colt for season until paid. Season is due if mares are traded or parted with or bred to other stock.

J. C. BAILEY,
Crab Orchard, Ky.

BEAU NABOTH.

Sired by Naboth 10-116, Record 7.194, Beau Naboth's first dam Nora Baughman by Novel 188 record 2.144, by Electioneer 125, second dam Lela Jr., sired by Metropolitan 127 by Hamilton 10, third dam Josephine, sired by Montrose Starlight 302 by Harley 44, fourth dam Mary Withers by Oliver thoroughbred, fifth dam sired by Wagner, sixth dam sired by Imp Trolley, seventh dam sired by Thurston's Battler. Beau Naboth is a large horse standing 16 hands and weighing condition 1,180 pounds. When he becomes acquainted with the story of his limited education you begin to realize that he is truly a remarkable horse, that he must be a great horse is proved by the wonderful progress that he has made. With very little handling he has proven to be the champion harness stallion of Kentucky. He has won over the best horses that Kentucky has produced. Head of him and you will see that there are no better bred stallions in Kentucky than he is. He gets first-class combined horses, give him a saddle mare he will get you a saddle colt, give him a trotter mare, he will get you a trotting colt, remember Beau Naboth is combined, with more record families than most any horse in Kentucky. George Wilkes Electioneer, Hamilton 10 and four crosses of thoroughbred to give him stamina. Come and see this horse he lives without a fault, he is perfect from end to end, his three crops of colts cannot be excelled by any horse. Will stand at the Nunnally stock yards, John Cook, caretaker, phone 194, the best personal care taken. Fee \$15 to insure a living colt.

Kills A Murderer.

A merciless murderer is Appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills. 25c at Penn's Drug Store.

South's Great Interest in Live Stock Projects

Cattle and Sheep Husbandry and Other Avenues Grow in Importance.

In no section of the American states is more attention being given to the study of cattle raising, sheep husbandry, horse and mule culture, etc., than in the south. The mountainous country in West Virginia, Alabama, North Georgia, North and South Carolina, Tennessee, Virginia and Kentucky, afford fine fields for stock raising and kindred industries. This section, which is better known as the Appalachian region, is to be extensively exploited in a great Appalachian Exposition in Knoxville, Tenn., Sept. 12 to Oct. 12, of the present year. It will be a four weeks' series of exhibitions that will surpass anything of the kind yet undertaken in the south. Live stock, sheep, hogs, horses, mules, poultry, dogs, etc., will be there from all parts of the Appalachian region. The large buildings that are now under construction for the accommodation of these exhibits guarantee that they will be splendidly displayed, and that they will be among the chief features of the exposition. The agricultural products of the Appalachian states will also be conspicuously displayed, and products of domestic science, etc., will attract attention. Every avenue of commerce and industry in that region will be exhibited, and of course no little space and money will be devoted to the amusement features of the exposition. It is confidently asserted that the exposition will be worth traveling many miles to see, and Knoxville will be able to accommodate the hundreds of thousands of visitors who are expected.

Will Judge Some of Poultry Exhibits.

Men of National Fame Engaged for Appalachian Exposition Board.

Among the poultrymen of nationwide repute to judge the birds to be displayed at the Appalachian Exposition in Knoxville, Tennessee, September 12 to October 12 is Judge F. J. Marshall, of Georgia, who was last year voted the most popular judge in the south. Mr. Marshall has been thoroughly identified with the poultry interests of this country for twenty-five years. He has judged all classes, including the largest shows and expositions, such as Chicago, St. Louis and Jamestown Expositions, and such shows as Chicago, Detroit, Cincinnati, Pittsburgh, Washington, Augusta, Charleston, Birmingham, Dallas and scores of others. He is a member of the standard revision committee of the American Poultry association for 1910.

Judge D. M. Owen, of Tennessee, has been officiating at poultry shows for the past twenty-two years, and is very popular with all classes. He has judged at many of the larger shows, including Kansas City, St. Louis, Louisville, San Antonio, New Orleans, Memphis, Montgomery, and at the Piedmont Exposition several times. He is a life member of the American Poultry association and an official judge of the Brown Leghorn Club of America.

The Appalachian Exposition Poultry show will be the best the south has ever seen, and poultrymen appreciate the fact that this is the opportunity to show to the world what the south has in poultry.

Government Fisheries Exhibit For the South

Will Be Displayed as One of the Features of the Appalachian Exposition.

Among the many benefactions the United States government is giving its people, one of the most important to the mountain streams of the south, is the replenishing of fish. The fish hatcheries, one of which is located in the Appalachian region at Erwin, Tenn., supply millions of fish to rivers and smaller streams. The methods of fish culture, as conducted in these hatcheries, will be fully demonstrated in the fish exhibit which the federal government is to make at the Appalachian Exposition, to be held in Knoxville, Tenn., September 12 to October 12, of this year.

BUILDING NEW HOTELS.

Knoxville Preparing to Entertain 500,000 Exposition Visitors.

The people of Knoxville, Tenn., in which city the Appalachian Exposition is to be held September 12 to October 12, next, are making extensive preparations to handle the large crowds of visitors that are expected.

In addition to the five large hotels already established there, a sixth hotel is now under construction, and a seventh is now under construction to be completed by July 1. The latter has about 150 rooms and is modern in every particular. Committees are now at work cataloging boarding and rooming houses, with a view to giving every visitor to the exposition comfortable and agreeable quarters. It is estimated by the department of admissions that at least 500,000 people will visit the exposition during the four weeks it continues. One thing is certain, Knoxville will be able to house all its visitors.

Pigeons and Pet Stock to Be Shown in Exhibit

First Show of Its Kind in the South Will Be Held in Knoxville.

It is anticipated that over three thousand fancy pigeons will be on exhibition at the first exclusively pigeon and pet stock show ever held in the south. Fancy pigeons of many varieties, constituting all sizes, colors and shapes, will be there billing and cooing and preening their pretty feathers. All sorts of pet stock, caviars, cats and toy dogs of every description.

Judge George Ewald, the greatest pigeon and pet stock man in the United States, has been secured to place the ribbons, and valuable prizes will be awarded. This show, which will attract thousands of people to the Appalachian Exposition at Knoxville, Tenn., next fall, has been fixed for September 27 to October 1.

President Taft Is To Visit South In Fall

Head of the Nation Will Be Guest of the Appalachian Exposition for One Day.

President William H. Taft is planning to visit the south during the months of September or October. He has accepted the invitation of the Appalachian Exposition, at Knoxville, Tenn., to visit that great fair some time between Sept. 12 and Oct. 12. It is the President's desire to be in Knoxville upon the opening day of the exposition, if possible, but in the event he is unable to get there then, he will surely visit the great southern show during the four weeks it is to continue. President Taft is very much interested in the Appalachian Exposition, partially on account of its sentimental and material connection with the Appalachian forestry preserve and conservation project which is now being favored by high powers of the national government. The President regards East Tennessee and the Appalachian region contiguous thereto as one of the garden spots of the nation, and he is very desirous of visiting it again, not having been through that section since his campaign tour in the early fall of 1908. The Appalachian Exposition management declares that "Taft day" will be one of the big features of the exposition, and preparations are already being made to entertain hundreds of thousands of visitors upon that date.

Poultry Show Profitable to Owners of Rare Fowls

Many Substantial Cash Prizes and Valuable Cups Offered for Fine Birds.

It is no trouble now-a-days to hold a poultry show if conditions are favorable, for the people believe in them. They exhibit and attend in person because they profit by them. The advertising feature alone is worth many times the cost. Shows are held at a time of year when the farmer is at his best, and the weather the most propitious.

The Live Stock, Poultry and Pet Stock building of the Appalachian Exposition to be held in Knoxville, Tenn., September 12 to October 12, next, has been especially designed to meet the requirements of an up-to-date exhibition room as to size, light and ventilation. Situated near the main building, overlooking beautiful Chilhowee lake, the location is ideal.

The largest exhibit of pure-bred poultry ever held in the south is promised at this exposition. Already the idea has become popular, and many have stated that they are raising "exposition chicks."

Large cash prizes and many beautiful silver cups will be offered. A grand sweepstakes prize of \$100 in gold for the highest scoring pen of birds in the show, besides many state and special prizes, exclusive of the regular large cash prizes, are some of the attractions to breeders. There will be special prizes for each state in the Appalachian region, and an effort will be made for each state association to offer a grand state prize for the best pen. The American Poultry association will offer valuable gold and silver medals, diplomas and ribbons, and the specialty clubs will offer cups and ribbons. Prizes at the Appalachian Exposition Poultry Show are going to worth striving for, and competition will be keen.

Forestry To Be Saved.

As Result of Conservation of Watersheds in Appalachian Region.

One of the purposes of the Appalachian Exposition, to be held in Knoxville, Tenn., September 12 to October 12, of this year, is to attract more attention to the entire Appalachian region, with a view to strengthening the sentiment in behalf of conservation of watersheds in the mountain regions, for the purpose of saving the forestry. If the protection that is sought is afforded, the forestry interests of the Appalachian section of the south will be given an opportunity to rehabilitate and in years to come posterity will thank the people of today for this work. The Appalachian Exposition's forestry exhibit will be of interest in this respect.

Electro-Medical Baths for the sick.

We beg to inform you that we have installed our outfit for giving Electro-Medical Baths. This treatment as given by us is practically the same as that given at the famous Spas of Europe, and some of the Mineral Springs and large Sanitariums in this country for the cure of nervous and chronic diseases, and especially those diseases arising from an excess of uric acid in the system. Uric acid, by accumulating in the system in excess, poisons the blood and causes a great variety of diseases affecting the organs of respiration, digestion and excretion. It causes diseases of the skin and mucous surfaces, the heart and arteries, brain and nervous system, muscles and joints.

The uric acid condition is the cause of Rheumatism in its various forms; also diseases of kidneys and bladder, asthma, quincy and laryngitis, catarrh, eczema, hives, itching and burning of the skin, palpitation of the heart, cold hands and feet, dizziness, mental depression, melancholia, neuralgia, chorea, hysteria, numbness, headaches and a great variety of purely nervous symptoms. Old age and people of middle life are the greatest sufferers, but the young are not exempt.

A course—2 to 4 weeks—of our Electro-Medical Baths cleanses the system of the uric acid and other toxic compounds; and, by removing the cause of disease, gives quick relief and a lasting cure. These baths in connection with our Violet Light Treatment, relax nerve tension, produce sound sleep, improve appetite and digestion and by so doing cure nervous diseases, headaches, insomnia, neurasthenia, nervous exhaustion, melancholia, etc.

Obese, or over fat people, get rid of 7 to 10 pounds per week without injury to heart or digestion, and with great improvement in health and appearance.

You are invited to consult with us freely in regard to yourself or friends.

Sequel, No. 2512. Watzmann, No. 343

Owned by J. B. Sandidge, Hustonville Ky. Bay stallion, left hind foot white; foaled Nov. 17, 1904; sire, Prospect, by Dignity Dare 1882. Dam Squirrel 191, by Black Squirrel 58, 2d dam, Daisy Denmark 188, by Sumpter Denmark, Jr., 3rd dam, Fannie Wallace 56, by Sir Wallace. Sequel is one of those full made ones with two good ends and a middle; is an extra individual in every respect; just such a one as you see winning the blue ribbons in the show ring, is fine gaited, never touches himself anywhere and is a very high going on all round. He has won 16 blue ties in show rings, never defeated. Come and see this grand colt, he is worth going miles to see. Sound. This horse will make the season at Hustonville at \$12.50 to insure living colt.

This splendid German Coach horse was foaled May 21, 1903; by H. Hanenkamp, in Germany. He was imported by J. Crouch & Sons, of Lafayette, Indiana. He was sired by Eskimo, No. 1400. He is a very fine type of the best German coach horses, and sold for \$3,000 three years ago.

He will make the season at my place; at Hustonville, at \$10 to insure living colt.

Taft and Willson.

President Taft's blunders in the National administration remind one very much of certain features which have stood prominently in that of Gov. Willson in Kentucky. Col. William R. Nelson, editor of the Kansas City Star and a pioneer in the Taft band wagon, declares that "if the presidential election were to be held this year, Mr. Taft could not carry a state west of the Allegheny mountains." And in describing the growing hostility of public opinion since it became apparent that Taft has been supporting Cannon and Aldrich in their alignment with the "interests" and against the people, Editor Nelson says, "In all this transformation of public opinion there has been little bitterness. Instead, there has been general sorrow over the loss of confidence in a President of charming personality, who, partly from temperament, partly from lack of sagacity, partly from deficiency in aggressive, militant earnestness, has alienated the people who believed they had found in him the man to carry on the work begun by Roosevelt."

And those who have closely watched the work of Gov. Willson during the two and a half years of his administration and dare speak their candid opinions, will say that in a great many ways these references to Taft apply aptly to the Governor. There's no denying the attractive personality of the man. No better boon companion ere gathered at a banquet board or braver raconteur told deeds of love and war. But in the Governor's chair, with problems of state in the balance, a weaker hand at the helm or more vacillating executive judgment could hardly be imagined. It is a byword in Frankfort that no one ever knows what Gov. Willson is going to do; nor does he. Thrice that the public knows of he has had in typewritten form vetoes on important legislation only to withdraw them on the eve of formal announcement, and then send in approval of the bills. The latest advocate to obtain the executive ear generally influences the policy that becomes the gubernatorial dictum. Meaning well himself, he assumes that others are actuated always by sincerest motives, and believing thus, like Taft, has more often than not permitted himself to become the plant tool of those who care little for the weal or woe of the commonwealth, can they but fatten on the public purse.

How greatly the resemblance between the two executives grows, as they are compared! Few doubt that they really want to do what is best, but how far short they are falling of satisfying the people that they and the party they represent are competent to safeguard the state and nation!

The Commissioner of Agriculture, M. C. Rankin, has announced as a candidate for the republican nomination for Auditor. If it's got to be a republican again—which we hardly believe—none would suit us better. Rankin has certainly been the friend of our corn-growing farmers.

Pulliam-Lentz.

Popular Lincoln County Girl Weds
Man From Washington.

Miss Eugenia Pulliam, daughter of Mrs. Sara Pulliam, of this county, living near the Boyle county line, and Mr. William H. Lentz, of the government printing office, Washington, D. C., were united in the holy bonds of wedlock at her home Wednesday by the Rev. Everett Gill, pastor of the Baptist church at Danville. Miss Pulliam is a very attractive young woman, a member of an old and prominent family, and the young couple have the best wishes of a host of friends. After a short wedding journey they will make their home in Washington.

Committee Called In Eleventh.

A. T. Siler, chairman of the republican Congressional committee in the Eleventh district, has issued a call for a meeting of that body in Corbin, April 30th. The purpose of the meeting is to fix a time and place for naming a republican candidate for Congress in the Eleventh district. The candidates for the nomination are Congressman U. C. Edwards, the incumbent, and Caleb Powers.

Every family and especially those who reside in the country, should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by G. L. Penny.

Red Light.

Red sorrel horse, 4 years old, 16 hands high, extra weight and bone.

Sired by famous roadster and sire, Red Leaf, who is too well known to all horsemen to need description and pedigree, he by C. F. Clay 2:18, 1st dam by Red Wilkes, Red Light's 1st dam was Day Maid by Cecilian 2:30 son of the great Gambetta Wilkes; 2nd dam Nell by old Balsora, 3rd dam Noonday by St. Elmo; 4th dam Mid-nite by Pilot, Jr., 5th dam Twilight by Lexington; 6th dam Darkness by Wagner.

In offering the services of this promising young stallion we feel safe in saying that with his size, style, form, speed and action that he is bound to prove a great stock horse. Will stand at my livery barn in Stanford at \$15 to insure a living colt, money due when colts are foaled or mare parted with. Be sure to see him before breeding your good mares.

King Eagle, Jr.

Pedigree—Sired by S. T. Harris' King Eagle Vol. 6 A. S. H. R. No. 2556; he by Royal King 2555; he by On Time 745; he by Stonewall Jackson 72; Royal King's 1st dam, Mollie Mount 2584, was by the noted sire Cabell's Lexington F. S. King Eagle's 1st dam Hip 3579 she by Eagle Bird 1014, he by Old King Eagle 750, 2d dam Red Lion, 3d dam Harris Denmark he by Miller Denmark 45, 4th dam by Jim Bell. King Eagle Jr's 1st dam was Mollie Drennon, she by Old Drennon, 2nd dam Copper Bottom and runs back to Davy Crockett, thoroughbred.

Note. King Eagle is five years old; dark bay with one white hind foot; nice mane and tail. He stands full 16 3/4 hands high, weight 1,425 lbs. and well proportioned in every way.

A combined stallion with plenty of speed, style and action, and his colts show that he is a fine breeder. He had colts to come last Spring that the owners refused \$150 for before weaning time. He will make the season of 1910 at our barn, one mile west of Wayneburg on Fishing Creek at \$10 to insure a living colt. Mares traded, parted with or bred elsewhere without my consent forfeits the insurance and the money becomes due at the time of such transaction. Care will be taken to prevent accidents but not responsible should any occur. Will also stand a

GOOD MULE JACK, SAM KEENE, sired by S. T. Harris' great Billy Keene and out of a pedigree jennet. Sam Keene is 14 1/2 hands high; black with white points. He has proved himself to be a good breeder. Will stand at \$8 to insure a living colt. A lien retained on all colts until the season money is paid.

DON VARRICK

This magnificent bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shelby City pike at \$15 to insure a living colt. Don Varrick is 16-2 a beautiful chestnut short backed heavy bone in fact the highest type of the trotter and perfect disposition. He is by the great Onward Silver 2205, that won the \$5,000 Transylvania in a seven day race, 1907, and the same year won the \$10,000 Bonner Memorial and the M. and M. all in broken heats and sold for \$12,000 and later on \$25,000. Don Varrick is bred exactly like Spanish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:07 and was classed as one of the big four, being one of the greatest money winners on the grand circuit in 1908.

Onward Silver is by Onward, one of the greatest and best sons of George Wilkes. Onward's dam was the dam of Director, the sire of that great family of trotters and pacers. Don Varrick's 1st dam was by Wilkes Boy, by George Wilkes a full sister to The Way 2:10, and half sister to Madeline Patchen the dam of Rubber 2:10, Winchester 2:10, Billy Wilton 2:10, and Miss R. 2:30, 2nd dam Mary by Bogg's Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at 16 months in 1:08 1/2 and sold to N. W. Hubinger of New Haven for \$1,000, she also produced Maggie 1:40, that trotted a half mile on the same track at 16 months old in 1:11 and sold for \$500. Don Varrick is fast game and always on the trot, very rarely ever leaves his feet. In 6 weeks handling last Fall he trotted a quarter on half mile track in 34, Sec. half in 1:10 and the mile in 2:27, on the outside of track. Please note the rich inheritance of speed on both sides, not a missing link for generations. Bred to this fellow and you can't miss the four things every brooder looks for size, disposition, speed and looks. See him before booking your mares. Season money due when mares are parted with or bred to another horse. Mares kept at \$5 per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand
Two Mighty Jacks Two
CLIFTON and RUSSEL.

Clifton is a black jack with light points, 4 years old last September, 15 1/2 hands high with a matchless head and ear, well set on a rangy neck, has plenty bone and substance and as a breeder he is not surpassed.

RUSSEL
Is a black jack with light points, 4-year-old last August, full 15 1/2 hands high with as much finish and action as a horse, and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mare forfeits the insurance. Care will be taken to prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, and bred by private contract.

Almont Dare

3228.
A. S. H. R.

Sired by Dignity Dare 1982, he by Chester Dare 10, he by Black Squirrel 58, he by King William 97, 1st dam Toxaway 4768, also registered in Vol. 10, A. T. H. R. She by Abdallah Mambrino 3715, he by Almont (33); 2nd dam Lady Davis by Crit Davis, by Bourdon Chief; 3rd dam Mattie S., by Foreign Light, by Foreigner, by Imported Glenco; 4th dam Betty C., by Cunningham's Copperbottom; 5th dam by Imported Buzzard.

NOTE.—Almont Dare, so far as we are able to discover is the first horse on record having to his credit the honor of defeating with his own progeny those of his sire, Dignity Dare. Since he first became a sire he has had from 1 to 4 premium colts shown each year at the different county fairs and they are developing into a fine lot of walk, trot and 5 gaited ones. This horse is the result of a lifelong mating with the best dams and sires obtainable, and as a natural result is a fine horse, beautiful bay, about 16 hands, and made fat, would weigh around 1200 pounds. A show horse among champions, fully their peers, going 6 distinct saddle gait all fast, true and naturally extremely high. A high tailed one. He is a full brother to that walk-trot geld-

ing Montezuma that sold at a 4 year old for \$3,600, and to Troxy Dare that has won more premiums than any mare ever sired by Dignity Dare and a list of others too numerous to mention. This horse, owing to age and location, will make the season at our stable, 2 1/2 miles from Hustonville on Hustonville and Liberty pike, at \$15 to insure a live colt. Mares traded or bred elsewhere renders season due. Grass in abundance at \$2 per month. Our personal attention to all stock, but will not be responsible for accidents. Correspondence and best of all inspection invited.

NOTE:—If you are looking for the breed of horses that are commanding the highest prices, here he is, he has as much Peavine blood as it is possible to get, being by Rex Peavine and out of old Peavine mare. Will serve a limited number of mares at \$25 to insure living colt.

DALMAS.

This stallion is dark bay, 5-year-old 16.2 with best of bone, and action with very heavy mane and tail.

BREEDING: Sired by Cecilian Chief, 1st dam by Ultimus 2nd, dam by Gill's Vermont, 3rd dam by Bay Dick, 4th dam by Bold Stockings. In offering this stallion to the public, I know he is what we need to get stock big enough to breed, work and sell. He is well enough bred to get trotters. Will stand him at the very low price of \$10 to insure live colt.

At same time and place Will stand two good jacks Jim Porter and Brignolia. These jacks are too well known to need advertising as I have made several seasons with them and you all know how they breed. Terms \$5 to insure live colt. Service fee due with all the above advertised stock, when colt is foaled, mare traded sold or bred to other stock. Care taken to prevent accident but not responsible should any occur.

GALTON 12910.

Season of 1910.
Sire of Calvin O. 21994, A. Burns, 21994, and six others with trials from 230 to 215, those are the only ones that were ever handled for speed. Also the sire of one of the best in the 230 list, sired by Gambetta Wilkes 2186, the sire of 210 in the 230 list, 18 in 210 and better, claimed to be the greatest in the world. 1st dam Daisy Field (grand dam of 5 with record of 2:17 to 2:26.4) by Enfield 2:29 of Hambletonian 10, dam by Seely's American Star, Enfield 2:29, 6 in 2:30, his daughters have 60 in 2:30, or better, 2nd dam Quickstep by Kentucky Prince, Jr., sire of J. Q. 2:17.4, Lemond, 2:27.4, and dams of 16 in the 230 list, 3rd dam by Old Joe, sire of the dam of J. Q. 2:17.4.
Galton carries the blood of four leading families: Hambletonian, Wilkes, Mambrino and Seely's American Star.
Galton's colts have gone against and defeated the best in harness classes and under rings, the sire in great demand, selling as high as \$1,000 after maturity, yearlings from \$100 to \$200. Galton will stand at my stable 2 miles West of Hustonville on Bradfordville pike at \$15 to insure a living colt. Money due if mare is traded after being bred. Plenty of grass at \$5.00 per month, mixed with hay, for mares, 10 other stock mixed with mares, have grass lots and large stables for mares to foal. Grain fed at cost.

Dignity Dare 1982.

Combined Stallion, Dark Mahogany Bay, 13.5; weight 1,300 pounds. Is absolutely sound in every way. Kind disposition and easily handled. He has stepped eighth in 1904 hitched to a sulky; is five gaited; a great show horse wearing the blue, the ever since a yearling; at three years old wore 13 blues and one red out of 14 shows; as a harness horse and as a model is in a class by himself. He was never defeated except by two of his own colts, and has won in rings of 25 head. His colts are always inside the money and when developed, make great sires and high priced three and five gaited show horses. Sixty five of his get at an average age of 2½ years sold at an average price of \$600. He has never been defeated in a produce ring when shown with 4 to 8 of his get.
Think of such saddlers as he has sired: usually, Nettleton, Winsom, Prospect, the Jim Anderson Mare, Hay Day, the Price Merring Mare, Toxie Mare, London Dare, Dare All, White Foot, Prince Imperial, and a host of others that have been sold from \$1,000 to \$3,000. Look at his record as a sire of sires and see what they can do.
DIGNITY DARE, got by Chester Dare No 10 &c; 1st dam by Welchmont 697 A. T. H. K.; he by William Welch 381 A. T. H. K.; he by Ryadock's Hambletonian No. 10 A. T. H. K. will serve mares this season of 1910 at my stable in Hustonville at the low price of \$10 to insure a live colt.
Money due when colt comes or mare traded or removed, or bred to any other stock. A non retained on all colts until paid for. Grass furnished at reasonable price for mares from a distance and must be settled for before removed. Breeding hours from 8 to 10 in morning and 4 to 6 in evening. Mares will receive my personal attention, but will not be responsible for accidents or escapes. Will also at the same time and place stand my great breeding Mule Jack.

PEYTON

so well known in the West End of Lincoln county, at \$10 for mares and \$20 for jennets, due when colt is foaled or mare traded, removed or parted with, or bred to any other stock. Peyton by Huff Dudder's jack, he by Hubble's Brignolia and out of Jim Porter's Jennett.
Peyton is fine with very large bone and best good neck and ear good quarters, well counted 16 hands 1 inch high and admired all who see him, and is said to be the best mule jack in Lincoln county.
All are invited to come and see him. Phone in residence.

All Hail to the Farmers and Stockmen! Behold the Conquering Herds Have Come!

The fine young Jack Excelsior sire Emperor; dam Hidalgo jennet, imported, will make the season of 1910 at the Cedar Creek Valley Stock, Grass, Hay, Grain and Tobacco Farm, 2 1-2 miles out of Crab Orchard, Ky., on the Chappell's Gap pike. He was specially selected from the "Great Jack Herd" of Mr. Isaac Shelby Tevis, Travelle's' Reay prior to his jack sale two years ago; for the 1,000-acre ranch. This jack is in his fifth year; is black in color with characteristic

gray trimmings—a true picture of an ideal jack: a paragon of style, symmetry and perfection; has magnificent head, ears, neck and body; a strong, pleasant countenance expressing gratitude; alert, aquiline eyes; the ears the right size, form and beauty, that vibrate in unison and harmony; animated by true and fond emotions. The neck, shoulders, trunk, feet, legs, thighs, muscles, sinews, bones and tail correspond in unique proportions and at once indicate he is a picturesque model to his Jackship. He has the action, agility and animation of a "racer" or Arabian steed, and demonstrates to the beholder, he is the gilded son of a noble sire, and has always transmitted to his colts size, form, symmetry, style and beauty with elegance, and these attributes make them sell high. All colts of his have been mare mules except two and all have sold from \$65 to \$125 at weaning or soon after weaning except two; they are not for sale. Excelsior has a strong, mellow, rhythmic, tenor voice and brays the hours in chronological order; and in short or long metre, sings:

Onky! Onky! Onky! I say; I say! Excelsior—the Royal Donkey!
Was sired and foaled in Old Kaintuck; And lives to work and for luck.
I say! I say! I'm the Royal Donkey!
I say! I say, See and hear the Royal Donkey!
Chorus—Onky! Onky! Onky!
Jenny! Jenny, Jenny, my Jenny!
Onky! Onky! Onky!

By special permission the following gentlemen and citizens of Lincoln county have kindly consented to be used as reference and endorsement; having raised or purchased his produce and personally know this jack as a great breeder and that his colts are rated with the best; viz: Messrs. John Saylor, John Henry Harris, Brom F. Long, Morgan Chapple, George Holmes, Lute King, Bowen W. Givens, Jacobum Retnesrach and I. S. Tevis.

Excelsior will stand at \$8 under same conditions as the stallion Redalgo. Excelsior is the sire of a very fine jennet colt and is destined to be a great jennet jack. The season for jennets will be \$15.

Galton's Pedalgo

The young stallion, Galton's Pedalgo, will stand at the 1,000-Acre Ranch. He is a dark bay, 15 hands high, four years old; has all the essential factors of a model stallion. Sired by Galton 12910; dam Pedie, register No. 3715, she 1 by Falconer's Abdallo Membrino—the season cost \$100; 2d dam Lottie Morey by C. F. Clay, etc. This stallion combines the blood of the Hambletonian, Wilkes, Membrino, Seely, American Star and Clay families, and will stand at \$10 to a limited number of good mares. Lien retained on colts until season is paid. Money due at once if mare is sold or traded. Will not be responsible for accidents or escape of mares. Mares pastured at \$2 per month. If you want stylish, fast trotters, breed to Pedalgo.

Bullbine, the Peerless.

A hornless, red Short Horn Bull; an ideal animal in color form, style, size, symmetry, weight, muscle and bone, will stand at One Dollar, cash at the lot, with privilege of return.

All farmers should raise the best beef cattle; it pays to keep the best. It is the bull that is the great factor in transmitting ideal conditions and developments in the herd. Therefore, bring your cows and get calves you will be proud of and that will sell themselves without chin music. Farmers who breed to the best sires, raise the best stock and get the best prices. We ask the courtesy to purchase at the market price the progeny of these fine animals over other buyers.

The King of Lincoln

A notable and prolific sire. This Jersey bull was sired by Dr. Vaught No. 72945; dam Roberta No. 123510, "A. J. C. C. No. 8 West 17th St., New York, N. Y." will stand at Tater Dollars, cash at the lot, with privilege of return. Cows and heifers pastured at reasonable rates. This bull's progeny have been 85 per cent heifers. His high grade heifers have sold from \$35 to \$50 per head as short and low yearlings. Every family should have a good Jersey cow, as a matter of comfort, economy, good living. Always have golden Jersey cream and butter, for no other tastes like this good, yellow butter.
Stockmen and tobacco raisers will do well to keep their eyes on 1,000-Acre Ranch with its fine stock, grassy pastures, abundant water, prolific limestone and much virgin soil, picturesque forests and timber and beautiful landscapes, wire fences and grand pines, numerous tenant houses and tobacco barns. This land produces the finest quality of tobacco; crop of 1903 sold for 16 1-2 cents; 1909 crop sold for 15 cents per pound.

Powhattan

Bay Stallion; 15.3 1-2 hands high; by Dignity Dare. 1st dam Minnie by Rienzi; 2d dam Pauline by Almont Forest; 3d dam Sella's mare, a very fast pacer. He is a fine individual, high action and nice to handle.

Will make the season of 1910 at my farm at McKinney at \$10 to insure a live colt; money forfeited if mare is sold, traded or bred to another horse.

S. M. OWENS & SON,
McKinney, Ky.

Pence, Jr. will make the season of 1910 at the barn of the late John Z. Spoonamore, 4 miles from Rowland at \$10 to insure a living colt. If mare is traded or parted with, season money becomes due.

Pence, Jr. is a bay stallion, 7 years old, full 16 hands high, good style and action, by Pence, he by Rienzi, he by Belmont, he by Alexander's Abdallah. Pence's first dam by Almont Forest, 2d dam by Garrard Chief, 3d dam by Grey Eagle, 4th dam by Copperbottom. Pence, Jr.'s 1st dam by Volunter 50. Ed Barlow's 1st dam by Ed Barlow 2375, by Castellar, 1072, he by Volunter 50. Ed Barlow's 2d dam by Woburn, 2d dam by a Mambrino horse, 3d dam by Mambrino Messenger. Pence Jr.'s 2d dam by Gill's Vermont. Pence Jr.'s colts are all showing up nicely and they bear proof of him as a breeder.

Mares grazed at \$2 per month; not responsible for accidents or escapes should any occur.

SOME FALSE ECONOMIES.

Some of the worst blunders that are made by tillers of the soil and those engaged in animal husbandry are the result of practicing shortsighted initial economies—the attempt to save in first cost followed by increased losses later on. To this class of economies belong the purchase of scrub or cheap grade sires for the dairy or beef herds, the use of poor seed on high priced and when good seed costing a half more would give three times the crop return, the use of worn-out and dilapidated machinery and tools when money would be made by the use of new and up to date, the plodding along in the same old rut in the dairy without Babcock tester or cream separator when money could be made by the use of both, the refusal to buy manure spreader or other labor saving devices which would make possible a maximum utilization of the various farm resources and, lastly, the use of the old, played out fuel wasting stove and furnace when the new would do vastly better work at a minimum consumption of fuel.

This is but a partial list of false economies, but enough have been mentioned to suggest a profitable line of thought. This fault may be summarized in the statement that the trouble lies in holding the copper or nickel so close to one's eye that it ruins one's perspective of the real value of things and obscures the distant dollar or eagle that might be made were a more intelligent and enlightened policy adopted.

SOME SILO ADVANTAGES.

In many sections of the corn belt during the past few months corn has not only spoiled from being left in the field as a result of heavy snows, which made husking impossible, but considerable quantities of that which was cribbed also spoiled because it was not properly dried out when stored. But that corn which was cut in season and put in the silo was safe not only from frost damage, but from possibility of rot and mildew as well. There ought to be a suggestion in this all too general situation for the farmer who would combine the best intelligence with brawn in his farming operations. There is no debating the question that the silo offers both the safest and the most economical method for handling this great cereal staple of the country. It is none too early now to begin making plans for a silo if one contemplates installing one next fall, as a study of plans and types of silos should be made, while a visit to several farms where they are in successful operation, coupled with inquiries made of the owners as to their experience with them, would be time very well spent. The greatest agricultural leak in the country today is the result of the present careless methods of handling the corn crop. The use of the silo offers the best way out.

THE LAWING CHAP.

We have in mind a fellow who is everlastingly at law about something or other. Part of the time it is because he fancies he has been wronged in some way by those with whom he has had dealings, while the rest of the time he is a defendant in suits brought by his fellows who feel that he has been an offender in an attempt to get what did not belong to him. While seemingly a strong believer in the law as a corrective of the ills from which folks suffer and a generous contributor toward the maintenance of its machinery, he now and then is hauled into court for open violation of the statutes. It goes without saying that this chap is a mighty disagreeable person to get along with, his rating as a man being way below par in the family as well as in the community in which he lives. He makes rich plucking for the lawyers, who are the only ones who are the gainers from the squabbles and suits in which he becomes involved.

THE STRAWBERRY BED.

In view of the fact that strawberries are among the most delicious of the garden fruits it seems strange that more folks do not have a patch to supply the family table and, if the bed does well, to sell to the neighbors. The plants should be set in rows from two and one-half to three and one-half feet apart, depending upon whether the hill or row system of culture is followed, while the plants should be from one and one-half to two feet apart in the row, depending somewhat upon the variety. The bed should be set while there is sufficient moisture in the ground, should be given frequent cultivation and kept free from weeds and watered if the rainfall is not sufficient. If the plants are not real thrifty all blossoms should be snipped off the season the plants are set out. When a bed has produced two full crops it should be plowed up and some legume sown to give the land a rest.

India's wheat area is 27,000,000 acres. The bulk of the crop is thrashed by hand, and the yield is from eight to twelve bushels per acre.

The time it takes a fellow to set fire to a pile of rubbish that he wants to dispose of makes him scratch his head to see how a barn will catch fire from simply throwing down a supposedly dead match or the stub of a cigar.

Many a failure to get a start in alfalfa seems traceable to a need of liming and sweetening the soil or to use of seed and soil neither of which has been inoculated with the bacteria whose presence seems quite indispensable to the best growth of the legume.

When the cow seems greedy for dirt or paint or wants to gnaw old bones it is fair to assume that there is lacking from her ration some element which she ought to have, and this is quite likely to be bone forming matter. The difficulty may be righted by feeding wheat bran or giving bonemeal in the ground feed occasionally and seeing that the cow has plenty of salt.

It will be well for gardeners of a competitive turn of mind who live north of the latitude of Tennessee to pass up trying to win the \$1,000 prize offered by a well known seed house for a bush lima bean stalk bearing 600 pods. The lima bean is to all intents and purposes a tropical plant and requires a degree of heat for its best development, found only in the southernmost states.

It speaks well for the type of instruction which is given at the agricultural short courses over the country that three of the five silver cups given by the Milwaukee chamber of commerce for the best exhibits of spring wheat, winter rye and Oederbrucker barley were won by a young man, a graduate of the 1907 class of the short course school. Thus the day has gone by, if it ever was, when a fellow has to be gray headed before he can succeed in agricultural, horticultural or animal husbandry lines.

Where the pruning of the orchard has been neglected and the putting of the tree in proper shape would necessitate very heavy cutting of surplus branches it is well to do part of the work one season and complete it the next instead of doing it all up at one time, as one's natural inclination often is. Spreading the job out over two or even three seasons relieves the tree of a shock that often results in permanent injury. Of course this refers chiefly to pears and apples, for the peach stands far heavier pruning than either without injury.

If moss luxuriates on the shingles and snails are now and then seen clinging to the clapboards and door-knobs it is presumptive evidence, unless one lives in a section where it rains all the time, that there is too much shade about the house. If such is the case some of it should be removed, whether through the removal of whole trees or the trimming up and thinning of the branches. Sunshine is recognized by all health authorities as one of the most effective germ destroyers known, and unless a good supply of it plays on the house and the ground immediately surrounding things are too wet and a decidedly unhealthy condition prevails which ought to be righted.

The Crop Reporter for February, issued under the supervision of the department of agriculture at Washington, contains some interesting statistics relative to the number and value of farm animals in the country Jan. 1, 1910, as compared with the showing of a year prior. The number of horses shown on Jan. 1, 1910, is 21,040,000, their value being placed at \$2,276,333,000, or an average of \$108.19 per head. This is an increase in number of 400,000, while the average value per head shows an increase of about \$12.50 for the period. The total number of mules at the last report was 4,123,000, an increase of 70,000 during the year and an increase in value per animal of \$12. Although swine show a decrease in numbers of 6,305,000 in a total of 47,782,000, the increase in total value is \$81,809,000, or \$2.50 per head during the year. The number of sheep is placed at 57,216,000. This is an increase during the year of 1,132,000, the total increase in value being \$41,032,000, or 65 cents per head.

Apparently seedsmen the country over don't relish being advertised as vendors of adulterated grass seeds, for the number who have been found guilty of the practice in seed investigations made by the federal seed testing departments in different parts of the country are far fewer than the number reported the preceding year. Of 630 samples of red clover seed tested by the department last season but fifty-four, or less than 10 per cent, were found adulterated as compared with over 50 per cent adulterated in the samples of seed examined in 1908. The seed examined is bought on the open market and if found to contain impurities or adulterations the per cent of such admixtures, together with the names of the firms selling, is printed and given wide circulation in pamphlets issued by the department. If one has grass seed which he suspects contain impurities he may have the same tested by submitting samples to the seed laboratory at Washington or to the branch seed testing laboratories operated in connection with the state experiment stations at Columbia, Mo.; Lincoln, Neb.; or Corvallis, Ore. There is hardly a state but whose experiment station will make a like report on the purity of seeds if samples are submitted by residents thereof.

Scrimping the salary given to a first class buttermaker is like planting cheap seed corn at \$1 a bushel when first class seed could be secured for from \$3 to \$6. We have known of creamery companies losing thousands of dollars by just such a policy as this "penny wise and pound foolish" kind.

A partition fence may prove a source of good will and neighborliness or enmity, depending upon whether the respective owners do or do not meet their obligations connected therewith. The same principle works out much the same with a number of other matters of everyday life which might be named.

The one great advantage that western states have over central and eastern is in the nearly ideal conditions which prevail during the harvest season of small grain and forage crops. Because of this it is possible to leave small grain standing weeks after it is fit to cut and to take alfalfa from the stack as bright and green as the day it was made.

Whatever may be the net result of the congressional investigation into the Hallinger-Pinchot affair so far as either man or the public welfare is concerned, it is nevertheless a fact that a good deal of information is being made public which is not only interesting but highly entertaining to the public and of a type, by the way, which certain interested mining, railway and timber syndicates would quite likely a great deal rather have kept in the dark.

A very simple preventive of the contraction of diseases, chiefly typhoid, from an impure water supply lies in bringing to a boiling point all water which is used for drinking purposes or taken into the mouth for the washing of the teeth or gargling of the throat. Such treatment of water will destroy any disease germs which it may contain. Of course such precautions will avail but little if the family milk supply is taken from cans which are rinsed with cold water from the same foul well.

Whether in the case of neighbors or members of the same household, it holds that when two people set out to see how mean they can be they seem to succeed, each surpassing the other by a good lap every turn in the game, to the increasing wrath and discomfiture of both parties concerned. On the other hand, if the contest is one in which there is an effort to outdo one another in consideration and kindness the results are also cumulative, being edifying rather than destructive and contributing substantially to the cause of human happiness and decent living.

An inspection of the root system of a mature alfalfa plant enables one to realize at once that disk and harrow, turning a field well established for the purpose of killing out grass and weeds could not possibly destroy the stand. One alfalfa farmer whose case was reported to us the other day went over such a field with a spring tooth harrow, then disked the piece and followed this with several draggings, which left the soil as mellow as would be required as a seed bed for small grain, hardly any alfalfa crowns showing at the time the process of renovation was finished. That it did not damage the field a bit was shown in his getting the best alfalfa crops that season that he had had in years.

There would seem to be slight excuse for shoddy and indifferent farming in communities where land is worth from \$60 to \$100, and far less excuse for this type of management in fruit valleys where land is priced at from \$300 to \$1,500 an acre, yet notwithstanding this just such fellows are too often run across, and the query that naturally arises in the mind of the newcomer from the sections of lower priced land is what the owners of such abused and neglected properties can be thinking of. The situation as indicated simply goes to show that whether in sections of low or high priced land it is, after all, the type of management rather than favorable or unfavorable climatic and soil conditions that may prevail that is responsible for the measure of success achieved in the great majority of cases.

The excellent state experiment stations scattered over the country and maintained by taxes which come out of the pockets of every property owner are doing a most valuable work along the several lines to which they are giving attention, but their usefulness could be measurably increased would agriculturists and horticulturists refer to the experts in charge of them rather than they do matters on which information would be valuable. For instance, most all of the experiment stations will test and report on the impurities contained in grass seed, will test stock foods, the vitality of corn and other seeds, will identify the fungous and insect enemies of fruit trees as well as noxious weeds and give brief methods of eradication and answer dozens of other questions that arise in everyday farm management. Experiment stations are established for the use of the public, and the more frequent the demands made upon them for information and assistance the more fully do they perform their mission.

GO RIGHT AT IT.

Friends and Neighbors in Stanford Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, but it won't cure it.

You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain.

They cure, too, so Stanford people say.

Capt. Thomas J. Richards, W. Main Street, Stanford, Ky., says: "Many years ago my kidneys began to trouble me. My back grew so lame that I could not stoop and I slept poorly at night. Sometimes an almost complete retention of the secretions existed, then again I had a frequent desire to pass them. When the secretions were voided, a burning pain was in evidence. I finally had the good fortune to learn of Doan's Kidney Pills and I commenced their use. This remedy gave me great relief and in view of my experience, I consider it the best preparation of its kind I have ever taken. I have recommended Doan's Kidney Pills to scores of people and everyone has reported that good results have followed their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Dorsey Goldust,

12052.

Full Brother to Estelle No. 219. Sired by Zileadi Goldust, 4400—by Goldust 150, by Vermont Morgan and on to Justin Morgan. The dam of Zileadi Goldust was by Imp. Arabian stallion Zileadi. The dam of Dorsey Goldust is Florence by Golden Mingo Chief, a son of Gaff's Comet Morgan.

Note—This is an intensely inbred Morgan stallion, the blood now in demand. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

Will make the present season at my farm 2 1/2 miles from Stanford, Ky., to approved mares at \$15 toins ure a living colt. Mares kept at 10 c a day. The best of attention given but no responsibility for accidents or escapes.

PRESTON.

NO. 922 VOL. 11.

This Champion 5 gaited saddle stallion of Kentucky.

Winning at all the Kentucky fairs and also at the horse shows at Buffalo, N. Y., St. Louis, Mo., and Kansas City.

Sired by Washington No. 54, first dam Bell by Rhoderick, No. 104, second dam by Denmark. Preston is a brown horse 15 3/4 hands high with fine style and very high action.

He has not only proven himself to be a great show horse, but also a great breeder. He is the sire of Carroll Preston owned by W. O. Walker of Stanford, Ky., for which he refused \$3,500 last season when he was only 3 years of age.

He is the grand sire of Diana of the Lea, a winner at Madison Square Garden last fall, for Lawrence Jones who paid \$5,500 for her, also a grand sire of Queen of the Night that sold in N. Y., March 14 1910 for \$850.

Preston will make the season of 1910 at my stable in Crab Orchard, Ky., at the reasonable figure of \$29 to insure a living colt. Will keep mares on grass at \$2.50 per month but will not be responsible for accident or escape of stock. Season is due if mare is traded or parted with or bred to other stock.

Kentucky Farmers

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year; yield from 1 1/2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world.

All inquiries answered promptly.

Two Good Sales.

Stock continues to sell well and the demand is good in Lincoln county. Col. J. P. Chandler cried two sales this week and everything went in a hurry. At the Livingston sale in the Maywood section, mares brought \$75; a horse for \$120; cows at \$40; a 700-pound heifer at \$40; hogs sold at \$9.40 and corn at \$3.35 to \$3.30. At the Fred Karla sale at Chestnut Ridge, Sterling Curtis bought a horse for \$185; mares went from \$160 to \$170; cows from \$24 to \$40; yearling heifers from \$20 to \$24, 120-pound hogs sold at \$12 a head. There was a big crowd present.

Garrard County Sales.

At Lancaster J. W. Walker sold a sow and nine pigs for \$50 to A. W. Kavanaugh. H. K. Herndon bought Russell Floyd six shoats at \$8. F. S. Elkin bought five cows from B. D. Holtzclaw at from 4 to 5 cents, one cow from Page Brown at 44c and butcher stuff from Alex Walker at 44 to 5c. Rufus Blakeman sold to Dr. J. S. Gilbert a good horse for \$225. Maurice Ross sold to T. O. Hill a yearling colt for \$100. Banks Hudson bought a three-year-old horse of R. Burnside for \$200. W. Whittaker bought a horse of A. T. Saunders for \$130. Joseph Hicks sold a good work horse for \$110.

An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with, says that in all his scientific experience he has never found so hard a disease to conquer as eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular, but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. G. L. Penny will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

Itching Eczema Washed Away.

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. D. Prescription. Call, write or phone Shugars & Tanner. We absolutely know that the itch is stopped at once by D. D. D. Prescription, and the cures all seem to be permanent. Shugars & Tanner.

Sims-Wall.

Miss Lillie Sims, the 15-year-old daughter of Tipton Sims, a prominent Lincoln county farmer, and C. E. Wall, a young farmer of Casey county, only 20 years old himself, were married at the home of L. P. Lee, in Casey, after they had secured the license from County Clerk Cooper here, the consent of the girl's father being given in writing.

COMMISSIONER'S SALE.

By an order of the judge of the 13th judicial district, in the case of H. E. Ross, plaintiff, vs B. H. Nash and others, defendants, I will on Thursday, April 28, 1910, at about 2 o'clock P. M. on the farm of H. E. Ross near South Fork Trestle in Lincoln county, Ky., sell at public outcry to the highest bidder, the following personal property:

Two gray mules, one bay mare, seven brood sows, one male hog, one cow and calf, 18 or 20 goats, two farm wagons several plows, lot of harrow teeth, lot of bacon, two horses, one wagon, one stove, lot of tubs, hay and corn.

This property will be sold on a credit of three months. Purchaser will be required to execute bond for the price payable to me, with approved security, bearing interest from day of sale and further secured by a lien. Bonds must be executed on day of sale and before property is removed. H. R. SAUFLEY, Master Com'r and Receiver L. C. C.

THE WARFIELD,

30921. Tr. 2:21.

Property of S. M. Owens & Son, McKinney, Ky. Dark bay stallion, 16 hands, foaled Aug. 18, 1901, bred at Village Farm, West Aurora, N. Y., sired by Dare Devil 200, horse show winnings, he won seven championships, National Horse show, first dam Naughtly Girl by Rex Americanus 28000, four years old, record 2:11 1/4, sire of American Belle, three years, record 2:12 1/2 and 29 others in 2:30 list, a son of Onward 141 record 2:25 1/2, sire of Onward Silver 2:05 1/2 and 175 others in 2:30 list. Onward was sired by Geo. Wilks 1319. See Dam Diverina sired by Mambrino King 1975, sire of 50 including Lady of the Manor 2:04 1/2, third dam Hotlet by Nutwood record 2:15 1/2 sire of 180 in 2:30 list, fourth dam Topas by Strathmore as sire of 30 in 2:30 list. Fifth dam Willard by Albion, sixth dam Ned by Edwin Forest, seventh Lady Turner by Mambrino Chief 11. The Warfield is an extra high class horse, not afraid of anything, a high actor and as well broken as any horse in and out of the stable, has a good coat and carries nice head and tail, this is a sure trotter, he stepped a mile in 40 days handling, 2:24. The Warfield is a truly made horse, of grand individuality and bred in lines that entitle him to become a sire of note seeing that he is a son of the great race horse and famous progenitor Dare Devil 200, the latter earned the title of the "Monarch of the horse stretch," while on the turf, and after retirement to the stud acquired imperishable renown as a sire. Not only have the Dare Devils proved great race horses but the family has furnished many noted show ring winners as well as Dare Devil and Mambrino King both being champion show stallions of National fame received more money in the show ring than any two stallions in the world.

Will make the present season at our farm one mile from McKinney, Ky., at \$15 to insure a living colt.

Will also stand good black Jack Brigand Young sired by Brigandier; he runs back to Brigandier on both sides. His colts sold for more money than any jacks in Stanford. He is 16 1/2 hands; stands well on his feet; a sure foot getter. He is perfect in every way. \$ to insure. S. M. OWENS & SON, McKinney, Ky.
